ROTARY CLUB
of
SARASOTA

PREVIOUS MEETING (9/13/2017) by Ron Rayevich

It was rather nice to be able to enjoy the companionship of our fellow Rotarians at the **Club Social** in lieu of a regular meeting with speakers or a Club Assembly. Following Hurricane Irma we heard lots of interesting stories of how each member handled the oncoming storm and its aftermath. The most interesting story was from Bill Jotham listing the trials and tribulations of trying to get back to Sarasota after evacuating. No gas, no food, and no lodging would sum up the story, but of course Bill was able to tell it a fashion that only Bill can do. Those of us who stuck it out in Sarasota seemed to have the best fortune, but had the hurricane been as strong as predicted, those who followed the evacuation notices would have turned out to be the smart ones. Thankfully, there was no identified loss of life and limited storm damage, although the loss of power certainly is irritating to those impacted.

It was also a pleasure to announce that a check on behalf of the Rotary Club of Sarasota from the RCS Foundation for **150 vented stoves for the Village of Santa Eulalia, Guatemala** has been sent out. This completes our efforts chaired by Lois Schaper to **Stop the Smoke** and improves the lives and health of the families living in this poor, rural village in Guatemala. Thanks to all the club members and friends who have contributed to this effort and to our Club and to its Foundation for this \$22,827 grant.

THE FOUR-WAY TEST
of the things we think, say or do

1. Is it the TRUTH?
2. Is it FAIR to all concerned?
3. Will it build GOODWILL and BETTER FRIENDSHIPS?
4. Will it be BENEFICIAL to all concerned?
